The Chair called the meeting to order at 7:14 p.m.

In accordance with Virginia Code Section 2.2-3712, Cathy moved that the Long Range Planning Committee convene in closed session for the discussion or consideration of the acquisition of real property for a public purpose pursuant to Subsection A(3) of Virginia Code Section 2.2-3711 of the Virginia Freedom of Information Act. Colin seconded the motion. The motion passed unanimously with all Committee members voting in agreement with the certification

Leila reported that she attended the Reston Association meeting on July 1. RA is having a special meeting this evening (July 12) to determine what their advice to the Reston Master Plan Special Study Task Force will be. Leila told RA that she hoped they would mirror the element of the Park Authority, RA, and RCC presentation to the Task Force with the stated position that the provision of recreational amenities should be accomplished through joint support by Fairfax County, RCC, and RA.

RA plans to provide two documents to the Task Force: a general letter stating their position; and an “Essential Elements of Reston: Guidance for the Reston Master Plan Special Study Task Force” document. Their intent is for their materials to include a statement about collaborating with the County and RCC.

There was another suggestion by RA to create an advisory panel on Design Review (or two panels, one for residential and one for commercial in RCIG). Leila stated that a citizen at the meeting, Dave Edwards, said requiring approval by such a body would not be legal, although they could serve an advisory function.

Another idea was put forward by RA to create a Reston community-wide coalition with RA as the central repository for community information and a community calendar. It was noted that this has been attempted various times in the past with limited success.

The meeting was adjourned at 8:10 p.m.
